

Mountfield's T38M-SD lawn tractor offers a highly effective solution if you don't want to collect your grass clippings as the twin bladed 98cm cutting deck can mulch or side discharge.

On lawns which are being mown regularly select the mulching option, clippings are cut and re-cut into small particles which are blown down into the turf where they decompose and return valuable nutrients to the soil. If your lawn has got a little out of control the side discharge mode neatly cuts and spreads grass allowing it to wilt naturally.

Powered by a Mountfield Series 7500 432cc engine and with a manual transmission this machine is ideal for gardens of up to an acre.

This model is delivered direct and requires some home assembly.

TECHNICAL SPECIFICATION

Model	T38M-SD
Engine	Mountfield Series 7500 432cc
Starting System	Electric Key
Fuel Tank Capacity	6 litres
Transmission	5 Forward & Reverse
Ground Speed	2.2 – 9.7 km/h
Front Wheel Size	15"
Rear Wheel Size	18"
Brake Type	Disc
Cutter Deck Engagement	Electronic
Cutting Width	98cm
Cutting Heights	25-80mm
Cutting Height Positions	7
Mulching Kit	Standard
Grass Collector Capacity	n/a
Overall Length	173cm
Overall Width	120cm*
Overall Height	107cm
Weight	168kg
Warranty	2 years

* With side deflector flap fitted
