

> Xtend & Climb™ Pro

The next generation of Xtend & Climb – the all new “beefier” Pro version.

The original Xtend & Climb took the market by storm for sheer quality and innovation – used by domestic and commercial customers alike.

Xtend & Climb Pro has been enhanced specifically for the professional contractor or surveyor. You can still open your Xtend & Climb Pro up rung by rung, to exactly the height you need - but the new ergonomic design is even easier to open/close and tougher still.

The new lock tabs fit your thumbs better and are more responsive, for smoother adjustment – up and down.

- ✔ Extends and locks rung by rung
- ✔ Compacts down to a remarkable 0.81m
- ✔ Store in your car boot, under your desk or in a cupboard
- ✔ Padded carry handle
- ✔ Clean-touch anodised finish
- ✔ Optional extra carry bag
- ✔ 150kg work load capacity
- ✔ 5-year warranty
- ✔ EN131
