parts list and plans

A.0 introduction

The information and instructions in this document are specific to the Joki/Montrose Log Cabin. Please read them in conjunction with your General Instruction Manual.

The instructions in your general manual cover a wide range of Finnlife® log cabins. Not all of those instructions relate to your log cabin. For a complete sequence of instruction references for the Joki/Montrose Log Cabin (numeric from 1.0 to 28.0 in the General Instruction Manual – and alphabetic from A.0 to E.0 in this Building Plans and Parts List), refer to section C.0.

NB: ONLY INSTRUCTION REFERENCES LISTED IN THE SEQUENCE IN SECTION C.0 APPLY TO YOUR LOG CABIN. IGNORE ALL OTHER INSTRUCTIONS.

Please read both documents thoroughly before you start building.

This icon refers to model variations and model specific information. It appears throughout the general instruction manual. When it appears you may need to then refer to this manual.
