

FIRE RATED LED DOWNLIGHTS

IMPORTANT INSTALLATION INFORMATION

- Please pass these instructions to the end user/maintenance engineer after installation is completed. Retain these for future reference.
- Isolate from the mains supply before installation or maintenance.
- Installation must be carried out by a qualified electrician & in accordance with the latest edition of the IEE Wiring Regulations (BS 7671)
- For connection to 220-240~ 50Hz mains supply, luminaire is supplied with a dimmable driver.
DO NOT connect the 12V supply to the mains supply

VENTILATION

When installing recessed downlights into ceiling voids allow at least 100mm around the fitting for adequate free air circulation. All low voltage fittings run at high temperatures therefore it is the responsibility of the installer to consider fire risk. The fitting and transformer **MUST NOT** be covered with any form of insulation material or installed close to flammable material.

IMPORTANT INFORMATION

- These fittings are for indoor use only.
- Over voltage will impair life. Maximum 9W LED Chip

INSTALLING RECESSED DOWNLIGHTS

1. Before commencing installation check for electric cables, joists and pipes and or anything that can cause obstruction to the downlight.
2. Luminaire should be connected to the mains supply (earth connection not required) before mounting to the ceiling.
3. Hold the downlight and position mounting springs in a vertical position and insert into the aperture and releasing the springs the downlight will secure into the hole.

Product code	Cut-out (mm)	Overall (mm)	Depth P (mm)	
AU-FRDIP8	75	90	90	Dimmable

It is recommended that a minimum distance of 100mm between fitting and nearest surface

Environmental Protection (W.E.E.E.) – Aurora’s WEEE Reg.No. WEE/BG0130YX

Waste Electrical & Electronic Equipment Regulations (WEEE) requires that any of our products showing this marking (left) must not be disposed of with other household or commercial waste. Aurora does not levy any WEEE disposal charges to its customers for affected WEEE related products. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate any such product from other waste types and recycle it responsibly at your local facilities. Check with your Local Authority, Recycling Centre or retailer for recycling advice. If, when you purchased any Aurora product, your supplier included a WEEE disposal fee, you should then contact your supplier for advice on his take back of the product for the correct disposal.

Warranty

See www.auroralighting.com/warranty for full details of warranties and Extended Warranty Terms and Conditions. The warranty is invalid in the case of improper use, tampering, and removal of the Q.C. date label, installation in an improper working environment or installation not according to the current edition of the National Wiring Regulations. Should this product fail during the warranty period it will be replaced free of charge, this is subject to correct installation and return of the faulty product. Aurora does not accept responsibility for any installation costs associated with the replacement of this product. This warranty is in addition to the statutory rights in your country of purchase. Aurora reserves the right to alter specifications without prior notice.
