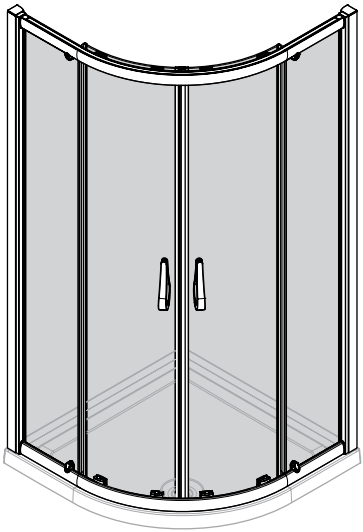
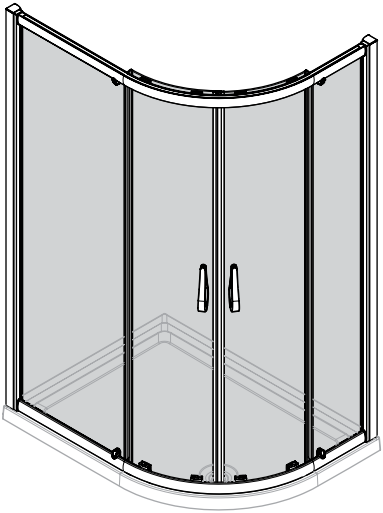
IN00419 (rev A)

Aqua 6 Glide Quadrant and Off-set Quadrant Enclosure

AQUA 6
DESIGNED AROUND YOU

- Instruction suitable for both Quadrant & Off-set Quadrant variations.
- Instruction suitable for both Right and Left Hand fixing variations on Off-set Quadrants.

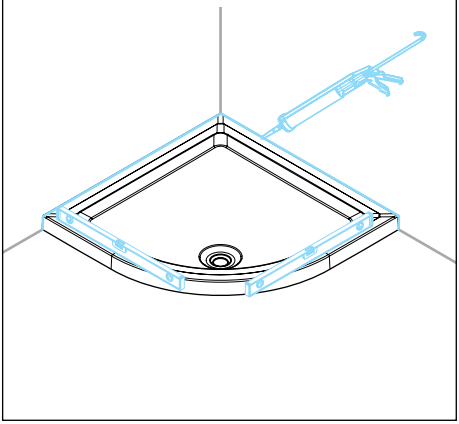




Before You Start

- Check that the tray has been installed correctly and that it is level (Fig. A), tiled down onto and sealed to the manufacturer's guidelines. **Please Note:** All product supplied without tray.
- Ensure the product is fitted to a non-porous surface ie. tiled. Check that the wall surface is flat.
- Unpack and check the product is complete and undamaged.
- Fixings are supplied for solid walls only. Ensure that the correct fixings are used for the wall type – if in doubt seek professional advice.
- Ensure the area is clean, dry and dust free.
- Read the instructions in full.
- Have the correct tools available, (as shown below, see 'Tools Required').
- It is recommended to situate the showerhead and door adjacent to each other in order to allow any water spray to be on the side panel or upstanding wall.

Fig.A.



Safety

- Handle all glass with care - support on cardboard to avoid risk of breakage.
- This product is heavy and requires 2 people to carry and install it.
- When drilling walls check first for hidden pipes and cables.
- All glass is toughened – it cannot be reworked or replaced by ordinary glass.
- Use safety eyewear when drilling.
- Use safety eyewear when handling glass.
- Keep all small parts away from children.

Disclaimer

- Please notify the retailer immediately of any damage or faults. The manufacturer cannot be held responsible for any installation costs that may arise from damaged or faulty product being installed.
- Please dispose of all packaging with due regard to the environment.
