Professions :

- Production and industrial sites
- Technical support and maintenance
- Logistic, security and transport
- Agriculture, Gardening and forestry
- Construction managements
- Heavy construction
- Building and finishing craftsmen

PRODUCT ADVANTAGES**Feature :**

Town assembly.

Palm in black water-repellent grain goatskin with rubber reinforcement on palm and fingers.

Back in green nylon Lycra laminated with a water-repellent and breathable membrane and light jersey.

Elasticated wrist with self fastening system.

Orange nylon yarn stitching.

Benefit :**COMFORT**

The glove cut and the materials used (soft grain goat and the nylon Lycra®) make this glove very flexible. The user can thus work with a very comfortable glove which fits perfectly in the hands, offering a lot of dexterity.

RESISTANCE

The water-repellent leather and the membrane allow working in damp conditions.

As the back in nylon Lycra® is breathable, no sweating problem can occur.

Besides its abrasion resistance, this glove provides a good grip due to the rubber patch in the palm.

TECHNICAL DESCRIPTION**Description :**

CE CATEGORY : II intermediary risks

In accordance with

EN 420-2003 Basic standard.

EN 388-2003 Mechanical risks.

CHARACTERISTICS

Town assembly.

Palm in black water-repellent grain goatskin with rubber reinforcement on palm and fingers.

Back in green nylon Lycra® laminated with a water-repellent and breathable membrane and light jersey.
