Things to check before you start

☑ Check the pack and make sure you have all the parts listed. If not, contact your local retailer, who will be able to help you.

☑ When you are ready to start, make sure that you have the right tools to hand, plenty of space and a clean, dry area for assembly.

☑ These cistern fittings are pre-set for dual flush 6 litre full flush and 4 litre short flush.

☑ **Please note:** Although these instructions are comprehensive, it is always recommended that a technically competent installer should undertake installation.

☑ **Please note:** Always ensure that the wall plugs or fixings are correct for the wall type.

☑ Please read the instruction before you start.

☑ Retain these instructions for future reference.

Golden rules for care

1 Do not use bleach based products such as blue cistern blocks, as these can damage the cistern fittings.

2 It is recommended to check all fittings for security and tightness at regular intervals.

3 For further help and advice, please call 0161 7033360.

Safety

☑ For domestic use only.

☑ Shut off water before installation.

☑ **CAUTION**: DO NOT over tighten the fixings otherwise it may damage the product.

☑ **CAUTION**: Fragile - handle the product with care. This product may cause property damage or break easily if not handled, positioned and installed with care.

☑ **CAUTION**: Always ensure the product is securely installed before use.

☑ When the installation is complete, turn the water supply on and check for leaks.

☑ Failure to follow these instructions may result in damage to the product and property damage.
