

FIX-PRO® REMOVABLE MOUNTING TAPE 2M

FIX-PRO® Mounting Tape is a quick and easy no tools mounting solution. The removable double sided adhesive tape is designed for indoor use and delivers a strong, powerful bond on contact and can be removed easily after use with no damage. It is ideal for fixing and mounting items around the home or office such as pictures, frames, notice boards and bonds permanently to glass, plastic**, metal, tile, stone & finished wood.

This quick and easy do-it-yourself solution will take away the hassle and mess of using drills, hammer and nails.

- Removable acrylic double sided adhesive tape with professional performance.
- Easy no tools alternative to nails and screws.
- Holds up to 20kg (per roll)
- Size 2m x 25mm
- Bonds to glass, plastic**, metal, tile, stone & finished wood.
- Color: Transparent
- Intended for indoor use only
- Water & UV resistant
- Excellent temperature resistance from -40°C to 100°C.

How to use:

1. Prepare surface. Apply only to clean, flat, dry surfaces which are free from dust, oil, grease and moisture. For best results clean with an IPA alcohol.
2. Accurately mark area where item is to be mounted and cut tape to desired length.
3. Apply to object pressing firmly to create a strong permanent bond.
4. To mount, remove the red liner and apply to surface firmly for a few seconds

Important:

**Not for use with polypropylene, polythene or wallpaper.

Touching adhesive weakens performance. Max adhesion after 24hrs. Do not hang valuable items or objects where injury could occur if object falls. *Surfaces must be clean, dry, sound, free from dust, grease, polish & moisture.
