

**Screw &
Anchor
In One!**

WALL-DOG
Universal Light Duty Anchor

Screw & Anchor in One!

The Powers Wall-Dog™ is the industry's first all steel one-piece screw anchor, which features high-profile threads for easy fastening into wallboard and other masonry base materials. Its deep cutting, corkscrew-like threads provide for smooth entry and a powerful hold, and when removed the Wall-Dog leaves a much smaller hole than toggles or other systems. For aesthetic appearances, the Wall-Dog is available in five color finishes: White, Chrome, Black, Brass and Bronze. It is also available in five head styles: Hex, Wafer, Robertson, Oval, and Pan.

Outdoor Fixtures

Shutters

Receptacles

For fastening into wallboard or wood, no pre-drilling is required, the anchor is inserted through the fixture and screwed in with an ordinary Phillips screwdriver or screw gun. Fastening into concrete, hollow or grout filled block, brick and plaster requires a pre-drilled 3/16" ANSI hole. Powers Wall-Dog anchors are ideal for light to medium duty anchoring. Typical applications include lightweight fixtures, drapery supports, as well as electrical, telephone and cable accessories.

Applications

Wall-Dog is so versatile, it can be used for countless projects:

- HVAC Fixtures
- Plumbing Fixtures
- Bathroom Accessories
- Shelving and Supports
- Picture Frames
- Brackets
- Plaques and Awards
- Coat Racks

- Curtain Rods
- Fixtures
- Bulletin Boards
- Control Systems
- Closet Organizers

- Signs

- Thermostats

- Office Material Holders
- Smoke Detectors
- Doorbells
- Clocks

S C R E W D I R E C T L Y I N T O

- Chalk Boards
- Remote Control Boxes

• Mirrors

- Kitchen Accessories
- Telecommunications Equipment

• Decorative Wall Hangings / Fixtures

Features & Benefits

- Installs in wallboard, plywood, concrete, hollow or grout filled block, brick and plaster
- No second step, installs directly through fixture into wallboard
- Patented design provides for smooth entry, clean cutting and a powerful hold
- Thread design prevents spinning and stripping
- Heat treated point penetrates metal and wood studs
- When removed it leaves a much smaller hole than other systems
- Five finished heads: oval, pan, wafer, hex & Robertson
- Five colors: black, chrome, bronze & white head
- Self-drilling hole in wallboard
- Installs quickly and easily with a Phillips screwdriver or screw gun
- Easily backed-out
- No need for shields
- All steel anchor
- No hole spotting

Wall-Dog is installed right through fixture into wallboard.

Patented thread design allows a Wall-Dog to enter wallboard hole producing a one step anchor with superior holding values.

Wall-Dog installs quickly and easily with a Phillips screwdriver in wallboard, plywood, concrete, hollow or grout filled block, brick and plaster.
