Numbers equal performance level
Lowest-1, Highest-4, Except Blade Cut-5

All the EC type examinations were carried out by:- Notified Body No. 0120
SGS Yarsley ICS, Trowers Way, Redhill, Surrey RH1 2JN

The results of the laboratory tests should help with the glove selection, but it should be understood that the actual conditions of use cannot be directly simulated. It is therefore the responsibility of the end user and not the manufacturer to determine the suitability of the glove for intended use.

Registered company No.685352 - TW7 - 4EX

INSTRUCTIONS FOR USE

- It is recommended to check that the gloves are suitable for intended use.
- Put the gloves on clean, dry hands.
- Inspect gloves before reusing them i.e. check for tear or snags.
- Washing of the gloves is not recommended.

STORAGE

- Ideally stored between 5°C - 30°C
- This product is not to be stored in direct sunlight

AREA OF PROTECTION

The above gloves have been tested to BS EN 388. The gloves, being manufactured of all split leather, have uniform hand protection.
