

Hydroflo Delay-Fill

Brass Tailed Side Inlet Valve

WRAS
APPROVED
PRODUCT

Applications

Designed for use as a replacement in most plastic and ceramic exposed and concealed cisterns

Water-Saving

Delay-Fill operation saves water and supports the code for sustainable homes and BREEAM by only re-filling once flushing is complete

Features

Professional brass tail prevents cross threading during installation

Compact body and float arm

Silence tube for quiet filling

Unique key for filter removal

2 back-flow prevention devices

Conforms to BS1212 Part 4
