## Installation & Operating Instructions

### Slimline USB Rechargeable Work Light

#### Non-user replaceable light source

-The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.

**NOTE** – To comply with regulations, installation must be carried out by suitably qualified competent person and in accordance with the current IEE Wiring Regulations (BS7671) and Building Regulations. A copy of the instructions must be left for the user/maintenance engineer for future reference.

For non-UK, please refer/consult local requirements

**ENSURE ELECTRICAL SUPPLY IS DISCONNECTED/ ISOLATED BEFORE COMMENCING INSTALLATION**

#### ASSEMBLY AND INSTALLATION

- Suitable for use with 5V DC, only charge with cable supplied
- Micro USB in suitable for 2.1A charging. USB A out suitable for 1.8A output
- This luminaire is only IP65 rated when the charging power socket is sealed using supplied cover
- IP65 rated product, is not suitable for submersion or cleaning by pressure sprays
- This luminaire is only intended for normal use, must NOT be used for rough service

#### INSTRUCTIONS FOR NEW INSTALLATIONS

- Ensure cover is over USB ports when not charging to ensure IP protection
- Luminaire can be used while charging a mobile phone but will decrease output duration
- Ensure the product is used with the base on flat, dry surfaces and that it does not cause a trip or fall hazard
- Indicator LED during charging.  
Red - Battery is charging and green - Battery is full
- The luminaire should be indoor use when charging.

#### Intelligent Battery Monitor

To maximize the battery life, when the battery is at low power, the USB output will be deactivated. The cable supplied is suitable for use with 2.1Amp USB chargers, to ensure minimum charge time. Always use charge cable supplied. The duration is at least 3 hours when fully charged.

**WARNING:** Charge with specified charger(s) according to device manufacturers instructions.

**DO NOT** open battery, dispose of in fire or short circuit, may explode, leak or get hot causing personal injury.

Battery must be recycled or disposed of properly.

LSWR5BR	5W	350lm	0.83KG	175x130x210mm	0.0195 m²
LSWR10BR	10W	700lm	0.915KG	175x130x210mm	0.0195 m²

## Installation & Operating Instructions

#### United Kingdom Warranty

For other territories and for further information, please see [www.luceco.com](http://www.luceco.com) for details

Products are protected by warranty for a period of 2 years from date of purchase against defects in material and workmanship (unless otherwise stated). Should a product fail to perform as described within the warranty period it will be repaired or replaced with the same or equivalent product by Luceco, free of charge provided that you: (1) return the product to us with shipping charge prepaid, (2) provide us with proof of the original date of purchase and (3) quote our return authorization number.

Repaired or replaced products will be returned to you with shipping charges prepaid. Replacement products may be refurbished or contain refurbished materials. If in our sole discretion, we are unable to repair or replace a defective product, we will refund the purchase price of the product.

This warranty will not apply if in our judgment, the product fails due to damage in shipment, handling, storage, accident, abuse or misuse, or if it has been used in a manner not conforming to our product instructions, has been modified in any way, or has any serial number removed or defaced. Repair or attempted repair will void this warranty. Our maximum liability under the terms of this warranty is limited to the purchase price of the product covered by the warranty.

The warranty is given under English Law. If any part of this warranty is deemed unenforceable (including any provision in which we exclude our liability to you) the enforceability of any other parts of the warranty will not be affected. These terms do not reduce your statutory rights.

For Non-UK please contact Local Luceco Office for details. THESE TERMS AND CONDITIONS ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.

**Eventually, you may want to replace this fitting;**

**Environmental Protection W.E.E.E (Wheelie Bin Symbol for EU ONLY)**

This symbol is known as the "crossed-out" wheelie Bin Symbol". When this symbol is marked on a product or battery, It means that it should not be disposed of with your general household waste. Some chemicals contained within electrical/electronic products or batteries can be harmful to health and the environment. Only dispose of electrical/electronic/battery items in separate collection schemes, which cater for the recovery and recycling of materials contained within. Your co-operation is vital to ensure the success of these schemes and for the protection of the environment.
