

CORRAPOL[®]-BT

Durable Bitumen **Corrugated Sheet**
Technical Guide

Waterproof Roofing Sheet

CORRAPOL®-BT is a Corrugated Bitumen impregnated sheet designed for waterproof roofing of sheds, log stores, garages and other outbuildings.

Available in several colours CORRAPOL®-BT sheets provide a roofing solution to suit many applications. CORRAPOL®-BT sheets are lightweight, easy to cut and quick to install.

Samples of CORRAPOL® sheets are readily available for testing and specification purposes.

Common uses:

- ✓ Sheds
- ✓ Garages
- ✓ Log Stores
- ✓ Children's Playhouses

Qualities:

- ✓ Lightweight
- ✓ Easy to Cut to Size
- ✓ Simple Overlap Joints
- ✓ Fast to Install

CORRAPOL®-BT : Full Roof Structure

Below is a typical apex roof scenario showing how the CORRAPOL®-BT system components are installed together for perfect results. The same methods and components can be used in most applications from Carports, Decking covers, BBQ shelters and other constructions.

Fitting stages:

1. Fit the foam Eaves Fillers.
2. Next fit the CORRAPOL®-BT Rock n' Lock Side Flashing to the first corrugated sheet.
3. Fix the CORRAPOL®-BT Rock n' Lock Side Flashing with the stainless steel screws and flexible caps.
4. Then fix the sheets with the recommended CORRAPOL®-BT Superior Flexible Fixing.
5. Fit the Super Ridge Bar and Ridge End Caps with the Gaskets and Fixings.
(Refer to the CORRAPOL®-BT Installation Guide)

AWNAPOL® : Sheets Premium

AWNAPOL® Premium Corrugated Bitumen Sheets share a similar style to our CORRAPOL®-BT Sheets but with enhanced rigidity provide a robust roofing solution, for a quality finish to any roofing product. With an extra level of quality, our AWNAPOL® Sheets are a great heavy-duty option for roofs such as garages, shed and more but remain lightweight and easy to cut and install.

Sharing the same profile as our CORRAPOL®-BT, AWNAPOL® corrugated sheets can be installed with all our CORRAPOL® Accessories, like the Rock N' Lock Flashings and Super Ridge.

CORRAPOL®-BT : Three Stage Side Connection

This patented CORRAPOL®-BT Rock n' Lock system means the side flashing is locked in position providing a strong and aesthetically pleasing finish. The CORRAPOL®-BT Rock n' Lock Side Flashing is available in four colours to match the four sheet colour options.

CORRAPOL®-BT : Super Ridge Bar

The CORRAPOL®-BT aluminium Super Ridge is another game changer in the corrugated market. Protecting the ridge of a roof is crucial and with the installation of the CORRAPOL®-BT Super Ridge you can add years of lifespan to your roof. Designed with integrated pre-formed foam gaskets to fit the corrugations of the CORRAPOL®-BT sheets, the CORRAPOL®-BT Super Ridge is an installer's dream. The patented design allows for a good variety of roof pitches with the gaskets being flexible enough to seal against the CORRAPOL®-BT sheets, and create a longer lasting superior ridge solution.

CORRAPOL®-BT : Three Stage Wall Side Connection

This patented CORRAPOL®-BT Rock n' Lock system means the wall side flashing is locked in position providing a strong and aesthetically pleasing finish. The CORRAPOL®-BT Rock n' Lock Wall Side Flashing is available in four colours to match the four sheet colour options.

Tilt the **CORRAPOL®-BT Rock n' Lock Wall Side Flashing** to the side and fit the first corrugated sheet peak into the flashing.

Lock the **CORRAPOL®-BT Rock n' Lock Flashing** into place giving a waterproof and visually pleasing finish to the edge of your roof structure.

CORRAPOL®-BT : Aluminium Super Ridge End Cap

Crafted with striking form, our all new CORRAPOL®-BT Super Ridge End Cap is designed to be the crowning element to every CORRAPOL®-BT Corrugated ridged roof. Shaped to add new level of waterproofing to the end of a CORRAPOL®-BT Super Ridge, the new Super Ridge End Cap helps protect one of the most crucial areas of installation and provides an unrivalled finish to user's roofs. Manufactured from aluminium, the new CORRAPOL®-BT Super ridge is very durable and adds extra longevity to the lifespan a roof. The simple and innovative location prongs ensure that installation is fast and easy for DIYers and installers alike.

CORRAPOL®-BT: Aluminium Top Wall Flashing

Our new CORRAPOL®-BT Top Wall Flashing is another innovation designed with ease of installation and quality finish in mind. With its unique bi-angled shape the Top Wall Flashing works with multiple roof pitches making it easy for any installer to add to their roof. The unique patented and/or Registered Design foam gaskets help create a firm seal on the CORRAPOL®-BT sheets below, whilst working with any pitch, ensuring strong waterproofing across the top of the roof. As with our other innovative aluminium components, the CORRAPOL®-BT Top Wall Flashing is manufactured to match the colours of the sheets in vibrant Red, Green, Black and Brown!

CORRAPOL®-BT Top Wall Flashing 3m Black	AC622BL
CORRAPOL®-BT Top Wall Flashing 3m Brown	AC622BR
CORRAPOL®-BT Top Wall Flashing 3m Green	AC622GR
CORRAPOL®-BT Top Wall Flashing 3m Red	AC622RE
CORRAPOL®-BT Top Wall Flashing 6m Black	AC628BL
CORRAPOL®-BT Top Wall Flashing 6m Brown	AC628BR
CORRAPOL®-BT Top Wall Flashing 6m Green	AC628GR
CORRAPOL®-BT Top Wall Flashing 6m Red	AC628RE

This part section illustration of the CORRAPOL®-BT Top Wall Flashing indicates how the flat angle verticle edge is fixed directly onto the wall and made waterproof by covering the angled side and fixings with lead flashing. The outer edges of the CORRAPOL®-BT Top Wall Flashing fits between the CORRAPOL®-BT Rock n' Lock Side and Wall Flashing. Sealant is added to the joining edges to give a waterproof finish.

CORRAPOL®-BT : Budget Ridge

This CORRAPOL®-BT Budget Ridge provides a low cost Ridge Cover. Manufactured from the same bitumen product as the sheets, it provides a waterproof finish, but is not as robust or well-sealed as the CORRAPOL®-BT Super Ridge. Manufactured in four colours this CORRAPOL®-BT Budget Ridge is simply fixed with CORRAPOL®-BT Fixing Pins or CORRAPOL®-BT Flexible Screw Caps.
