②

CAUTIONS & WARNINGS

1. Only use with 240V only fixtures.
2. Do not repair, disassemble, or modify the product in any way.
3. Do not place the light near any heat sources.
4. Please keep it away from children.
5. Please do not hang anything from the string lights as the extra weight may break the light wire and cause a potential fire hazard.
6. Although our lights are built with safety measures, we do not recommend leaving the light unattended or turning on permanently.
7. Please remove the plug from the socket when it is not in use.
8. Ensure the festoon is not turned on when installing the bulbs.
9. Extendable connectors allow for upto a maximum of 3 sets to be connected.

CAUTION: PLUG NEEDS TO BE LOCATED INDOORS.

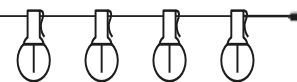

IT MAY BE LOCATED OUTDOORS **ONLY** IF CONNECTED TO A MOISTURE PROOF POWER OUTLET.

IP20

IP44

Lights are for outdoor and indoor use. Any outdoor use must be installed as above.
