Getting started

Before you start adding this Calex Smart product, write down the name and password, including spaces and capital letters, of your WiFi network. Make sure you have a strong Wi-Fi signal.

Note: This item only works on 2.4GHz WiFi network, not on 5GHz WiFi network. If you get a message that the product only works on 2.4 GHz networks, then you need to change your network's Wi-Fi frequency to 2.4 GHz in the settings menu of the router. Please contact your internet provider for this.

- 1. Download the Calex Smart app from the Google Play Store, the Apple Store or scan the QR code.
- Open the app. Are you using the app for the first time? Then follow the instructions on the screen to create your account.
- 3. Turn on device. Do you have Bluetooth on your phone and is it turned on? Then a connection is made automatically. Can't connect automatically? Then add this device by touching the + (top right corner of the screen). Follow the prompts to complete the installation. For more information, see our website: www.calex.eu
- Reset: You may need to reset the product first. You do this by pressing the on/off button until the indicator light starts blinking. Then proceed with step 3.
