Motion sensing light for convenience and extra energy saving

Increase convenience while saving energy. Philips' motion sensing LED ceiling light is easily turned on and off by a sensor which means you can leave or enter rooms without fumbling for a switch. Its wide detection range and instant-on LED technology means your home's lighting is only ever on when you need it.

Easy to experience

- With its built-in automatic motion sensor, this luminaire switches on automatically when people walk by.
- Easy installation

Premium quality

- EyeComfort – light that's easy on the eyes

Durability

- Energy saving
- Long life span up to 15,000 hours

Highlights

Integrated motion sensor

Easy installation

No more hassle with installation. Just fix or hang securely on the wall or ceiling, and plug it in. Your new light fitting is now ready to light up your room!

EyeComfort

Poor quality light can cause eye strain. With many of us spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, colour rendition and dimming effects to ensure they meet EyeComfort requirements. Philips LED bulbs not only deliver comfortable light, but also stay that way for the duration of their lifespan, delivering consistent light quality, output and colour for more than a decade. Switch to light that's easy on your eyes. Your eyes will thank you.

Energy saving

Saves energy – which is good for your bills, and the environment.

Long life span up to 15,000 hours

Philips LED technology extends your product's lifetime up to 15,000 hours.
