Instructions for correct use

1. If you are in any doubt as to how to install this product, consult an expert
2. Failure to follow these instructions may result in personal injury, damage to the product and property damage.
3. Be careful of any sharp edges that may remain.
4. It is important to pay attention not to treat your kitchen sink harshly, care should be taken to avoid/minimize the possibility of dropping objects into the sink.
5. Never use steel wool or other abrasive cleaning products.
6. Avoid leaving household bleaches/chemicals in prolonged contact with the sink.
7. It is recommended to clean and dry your sink after each use with a mild detergent/soapy water and wipe dry with a clean cloth.
8. Hard water can leave stains over prolonged use without cleaning/drying
