

Thank you for purchasing this light fitting. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Please keep these instructions for future reference.

### Warnings!

This is a Class 1 product and must be earthed.  
 Please read these instructions carefully before commencing any work. It is recommended that this fitting is installed by a qualified electrician.  
 Install in accordance with the IEE Wiring regulations and the Building Regulations.  
 To prevent electrocution switch off at mains supply before installing or maintaining this fitting. Ensure other persons cannot restore the electrical supply without your knowledge. If you are in any doubt, please consult a qualified electrician.  
 This light fitting should be connected to a 5 amp fused circuit.  
 If replacing an existing fitting, make a note of the connections.  
 Always use the correct type and wattage bulb. Never exceed the wattage stated.  
 When changing a bulb, always switch off at the mains and allow the old bulb to cool down before handling.  
 Dispose of used bulbs carefully.  
 This product is suitable for indoor use only, on normal flammable surfaces.

### Using a dimmer switch

This product is suitable for use with a dimmer switch.  
 Please note, some energy saver bulbs are not suitable for use with a dimmer switch.

### Fixing Instructions

Make sure you have the following items which are required to install this light fitting:  
 Electric drill and assorted drill bits, selection of cross and flat head screwdrivers & insulation tape.

#### Step 1

Before removing the existing fitting, carefully note the position of each set of wires.

#### Step 2

Remove the fixing bracket (A) from the canopy and attach to the ceiling using the screws provided. Take care to avoid damaging any concealed wiring and pipes.

#### Step 3

Having identified the household wiring from your existing light fitting, connect to the connection block inside the product in the following way:

Check that.....  
 You have correctly identified the house wires.  
 The connections are tight.  
 No loose strands have been left out of the connection block.

#### Step 4

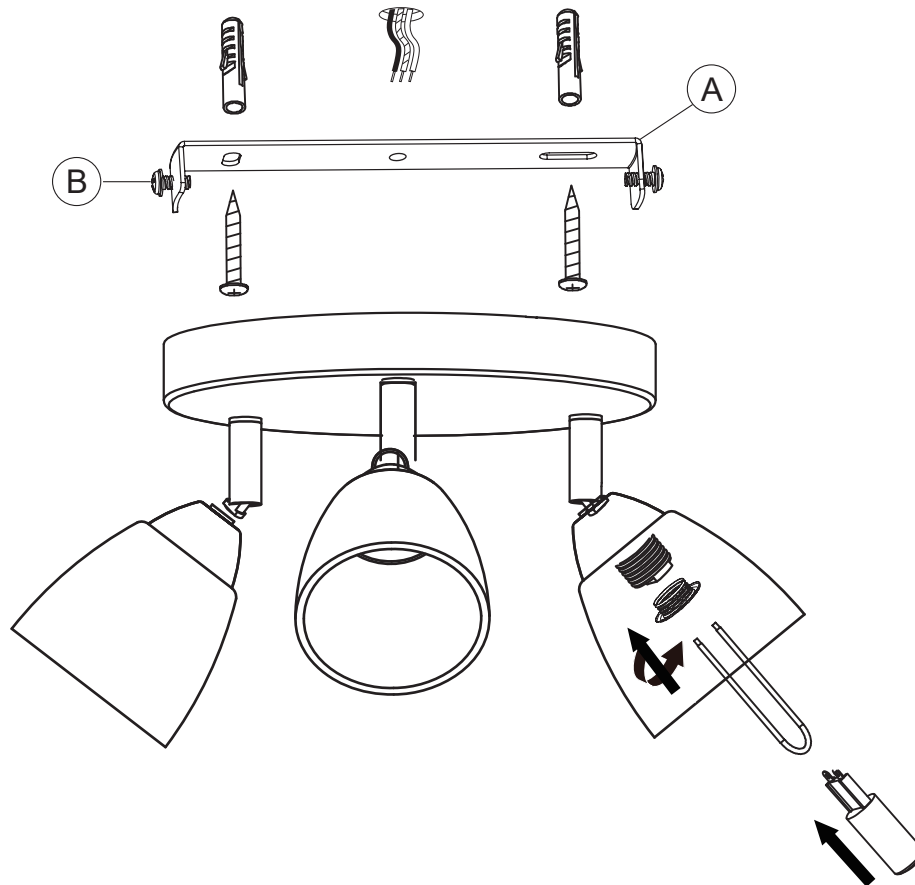

When completed, ensure that there are no bare or loose strands of wire exposed, and cover all exposed areas of the connection block with 2 layers of insulation tape.

#### Step 5

This product has "L" shaped fixing holes to allow easy fixing to the fixing strap. Locate the "L" slots around the small screws (B) on the fixing strap (A). Rotate the ceiling cover to attach the product to the strap. Tighten the screws to secure. Take care not to trap any wiring.

### Step 6

To attach the shades, locate the shade over the threaded lampholder and fit the shade ring using the supplied tool until the shade is sufficiently tight. Do not overtighten.

### Fitting/Replacing the bulb - 3 x Max. 28W G9

Obtain appropriate G9 bulbs - Max 28W. LED G9 bulbs are suitable for use in this fitting. Check compatibility with a dimmer switch if required. Fit the bulbs by pushing into the lampholder. Remove by pulling out.

During use the bulb and light fitting get very hot. Switch off the product and allow the bulb to cool before changing the bulb. Avoid directly touching the bulbs as this will shorten their life. Do not exceed the wattage stated on the fitting. If you use bulbs with a higher wattage the lamp holder could be damaged.

### Step 7

Replace fuse or circuit breaker and switch on. Your light is now ready for use.

### Care and cleaning

Finish - We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.

Glass parts - Remove and wipe with a damp cloth. Do not use abrasive materials as these will damage the finish.

Take care when handling glass parts to avoid damage or injury.

### Safety Information

For your safety, always switch off the supply before changing lightbulbs, cleaning or removing shades. Always take care when handling glass parts and lightbulbs to avoid injury in case of breakage.

 Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.

We have taken great care to ensure that this product reaches you in perfect condition. However, should any parts be damaged or missing please access our website: [www.poolelighting.com](http://www.poolelighting.com) to request spare parts or please call our Product Helpline on (01202) 690945.
