Trusted every day

The new Yale Smart Alarm Kits are the perfect solution for homeowners who demand top-of-the-line security and unparalleled convenience. Easy to set up and use, the Smart Alarm is sleekly designed, elegant, and highly functional, to seamlessly blend into any home.

The Yale Smart Alarm is fully controllable using the Yale Home app, which gives you security, convenience, and peace of mind at the touch of a button!

The Yale Smart Alarm works seamlessly with other Yale smart products and leading voice assistants for a completely customisable security experience.

App control

Real-time monitoring with push notifications when the alarm sensors are triggered, as well as the ability to arm/disarm your alarm from anywhere in the world.

Fully customisable

Set up and control up to four individually configured areas around your property and add additional accessories to suit your needs.

Horizon+Technology

Larger range of protection of up to 1km, and increased battery life, allowing you to protect homes, properties or attached buildings of all shapes and sizes.

- Multi-house support: Secure multiple properties from a single app.
- Perimeter security: detect and prevent any potential incidents before they occur thanks to a range of additional outdoor accessories.
- Shared access: Grant control to your Smart Alarm to people you trust.
- Geofencing: Get a reminder to arm your alarm as you leave home.
- Supports Wi-Fi, Ethernet, Bluetooth and Cellular Backup (4G LTE)*
- Advanced services through a subscription plan: Cellular Backup Communication, Automated Call Alert and Professional Monitoring.

*Requires subscription plan.
